Contents of Volume 24

No. 1, March 1997

Editorials: Nomenclature of pressure disorders, *A. A. Bove* 1
Classification of the decompression disorders: time to accept reality, *R. E. Moon* 2
DCI/DCS: Does it matter whether the Emperor wears clothes? *T. S. Neuman* 4

Effect of dysoxia and moderate air-hyperbarism on red–green color sensitivity
N. A. M. Schellart, M. Pollen, and *A van der Kley* 7
Reversibility in blood–brain barrier, microcirculation, and histology in rat brain after decompression
A. Nohara and *T. Yusa* 15
Influence of wet suit wear on anxiety responses to underwater exercise
K. F. Koltyn and *W. P. Morgan* 23
Pulmonary edema of scuba divers
N. B. Hampson and *R. G. Dunford* 29
Hyperbaric oxygen as a therapy of Bell's palsy
G. Racic, P. J. Denoble, N. Sprem, L. Bojic, and *B. Bota* 35

Technical Communication

Measurement of cerebrospinal fluid pressure in conscious rats
J. Jiang and *I. Tyssebotn* 39

Abstracts

From current literature 45
French translations 48

No. 2, June 1997

Diving decompression fails to activate complement
K. A. Shastri, G. L. Logue, C. E. G. Lundgren, C. J. Logue, and *D. F. Suggs* 51
Exercise during decompression reduces the amount of venous gas emboli
L. W. Jankowski, R. Y. Nishi, D. J. Eaton, and *A. P. Griffin* 59
Doppler–echocardiography study of cardiac function during a 36 atm (3,650 kPa) human dive
V. Lafay, A. Boussuges, P. Ambrosi, P. Barthelemy, Y. Frances, B. Gardette, and *Y. Jammes* 67
Decompression sickness from saturation diving: a case control study of some diving exposure characteristics
G. Jacobsen, J. E. Jacobsen, R. E. Peterson, J. H. McLellan, S. T. Brooke, T. Nome, and *A. O. Brubakk* 73
Simulating respiratory loads and tuning of closed-circuit underwater breathing apparatus
D. D. Joye and *P. Wechgelaer* 81
Diver respiratory responses to a tunable closed-circuit breathing apparatus
D. M. Fothergill, D. D. Joye, and *N. A. Carlson* 91
Normobaric and hyperbaric oxygen treatment of acute carbon monoxide poisoning in rats
J. Jiang and *I. Tyssebotn* 107
Hyperbaric oxygen in chronic cluster headaches: influence on serotonergic pathways
F. Di Sabato, M. Rocco, P. Martelletti, and *M. Giacovazzo* 117

Cell proliferative modulation of MCG 101 sarcoma from mice exposed to hyperbaric oxygenation
E. Lydén, G. Granström, E. Cvetkovska, J. Nilsson, T. Westin, and *S. Edström* 123

Case Report

Ocular quinine toxicity treated with hyperbaric oxygen
R. S. Wolff, D. Wirtschafter, and *C. Adkinson* 131

Book Reviews

Treatment of decompression illness, edited by R. E. Moon and P. J. Sheffield
Reviewed by A. A. Bove 135
Life support systems design, by M. L. Nuckols, W. C. Tucker, and A. J. Sarich
Reviewed by D. E. Warkander and *B. S. Laraway* 138

Abstracts

From current literature 139
French translations 146
Spanish translations 148

No. 3, September 1997

Hyperbaric and hypobaric chamber fires: a 73-year analysis
P. J. Sheffield and *D. A. Desautels* 153
Alterations in pharmacokinetics of carboxyhemoglobin produced by oxygen under pressure
G. D. Jay and *D. S. McKindley* 165
Evaluation of hyperbaric oxygen for diabetic wounds: a prospective study
W. A. Zamboni, H. P. Wong, L. L. Stephenson, and *M. A. Pfeifer* 175
Chronic radiation proctitis treated with hyperbaric oxygen
D. C. Warren, P. Feehan, J. B. Slade, and *P. E. Cianci* 181
Dibutyryl cAMP effects on thromboxane and leukotriene production in decompression-induced lung injury
T. M. Little and *B. D. Butler* 185
Nature and incidence of bubbles in the spinal cord of decompressed goats
A. C. Palmer 193
Control of blood glucose in a group of diabetic scuba divers
C. J. Edge, A. P. Grieve, N. Gibbons, F. O'Sullivan, and *P. Bryson* 201

Case Report

Recurrent pulmonary barotraumna in scuba diving and the risk of future hyperbaric exposures: a case report
C. R. Carpenter 209

Letters

Treatment of abdominal and pelvic radiation injury
M. Bennett 215
Authors' response
J. J. Feldmeier, W. S. Court, R. D. Heimbach, D. A. Davolt, B. J. Stegmann, and *P. J. Sheffield* 215

Book Reviews

Handbook of hyperbaric medicine: *G. Oriani, A. Marroni,* and *F. Wattel,* editors
Reviewed by E. C. Camporesi 217

Hyperbaric medicine practice: *E. P. Kindwall,* editor
Reviewed by E. C. Camporesi 217

Abstracts

From current literature 219
French translations 226
Spanish translations 230

No. 4, Winter 1997

Establishment of reference pressure of transcutaneous oxygen for the comparative evaluation of problem wounds
J. Dooley, G. King, and *B. Slade* 235
Cerebrospinal fluid pressure changes after acute carbon monoxide poisoning and therapeutic effects of normobaric and hyperbaric oxygen in conscious rats
J. Jiang and *I. Tyssebotn* 245
Improved probabilistic decompression model risk predictions using linear–exponential kinetics
E. D. Thalmann, E. C. Parker, S. S. Survanshi, and *P. K. Weathersby* 255
Probabilistic gas and bubble dynamics models of decompression sickness occurrence in air and nitrogen–oxygen diving
W. A. Gerth and *R. D. Vann* 275
Agreement between trained and untrained observers in grading intravascular bubble signals in ultrasonic images
O. Eftedal and *A. O. Brubakk* 293
Recompression treatments during the recovery of TWA Flight 800
C. T. Leffler and *J. C. White* 301
Circulating bubbles and breath-hold underwater fishing divers: a two-dimensional echocardiography and continuous wave Doppler study
A. Boussuges, S. Abdellaoui, B. Gardette, and *J. M. Sainty* 309
Pharmacologic modulation of pulmonary vascular permeability during air embolism
K. L. Huang and *Y. C. Lin* 315
Spinal cord lipid levels in a porcine model of spinal cord decompression sickness
R. P. Sharpe and *J. R. Broome* 323
Lower decompression sickness risk in rats by intravenous injection of foreign protein
S. R. Kayar, E. O. Aukhert, M. J. Axley, L. D. Homer, and *A. L. Harabin* 329

Review Article

Compressed air tunneling and caisson work decompression procedures: development, problems, and solutions
E. P. Kindwall 337
